

Safeguarding and Welfare Requirement: Safety and Suitability of Premises, Environment and Equipment. Providers must take reasonable steps to ensure the safety of children, staff and others on the premises

8.9 Sun Safe policy

Too much exposure to ultraviolet light (UV) radiation from the sun causes sunburn, skin damage and increases the risk of skin cancer. Sun exposure in the first 15 years of life contributes significantly to the lifetime risk of skin cancer.

There is potential for Pre-Schools and Nurseries to help prevent skin cancer in future generations because:

- Nomansland Pre-School can play a significant role in changing behaviours through role modelling and education from an early age.
- Children and staff are at risk of sunburn within 10-15 minutes of being exposed to strong sunlight.
- Skin cancer is largely preventable through behaviour modification and sun protection during early years.

The main elements of this policy are:

- Partnership: working with parents/guardians, nursery staff and the wider community to reinforce awareness about sun safety and promote a healthy nursery.
- Education: learning about sun safety to increase knowledge and influence behaviour.
- Protection: providing an environment that enables children and staff to stay safe in the sun.

PARTNERSHIP

- Sun safety will be promoted through working with parents, staff and the wider community to improve our understanding and provision to avoid the harmful effects of too much exposure to ultraviolet light (UV).
- Staff should act as positive role models and set a good example by seeking out the shade whenever possible and wearing suitable clothing, hat and sunscreen.

EDUCATION

- Parents and guardians will be asked through letters/newsletters to support this policy by encouraging their children to adopt the Slip, Slop, Slap message and act as role models.
- Children will be taught the 'Slip, Slop, Slap' Song which will help them remember the basic Sun Safe message.

Safeguarding and Welfare Requirement: Safety and Suitability of Premises, Environment and Equipment. Providers must take reasonable steps to ensure the safety of children, staff and others on the premises

PROTECTION

Shade:

- The Pre-School garden will have shade provided by the building and a temporary structure i.e. gazebos, etc for use during outdoor play.
- Children will be encouraged to use the shaded areas during playtimes when appropriate.

Clothing:

- The children will be encouraged to wear clothes that provide good sun protection.
- Parents/guardians will be duly informed of the importance to provide the nursery with appropriate sun hats and Sunscreen as advised by the national skin cancer charity 'Skcin'.
- The Pre-School will provide appropriate spare sun hats and quality sunscreen on site at all times.

Drinking Water:

- Children are encouraged to increase their water intake in hot weather and are encouraged to drink water during outdoor play times.

This policy was adopted at a meeting of	Nomansland Pre-School
Held on	27 th January 2015
